

USAID's Office of Food for Peace (FFP) Indicators for Development Food Security Activities

Updated: September 9, 2017

Changes in FY16 and FY17

Changes since April 2017

Changes since August 2017

Key: Indicators classified as R are required for all development projects.

Indicators classified as RiA are required if applicable for all development projects that have relevant interventions. The relevant intervention has been specified in the applicability column in the table.

No.	Indicator Title	R: Required RiA: Required if applicable	Applicability	Indicator Type	Check All Applicable
Goal: Food and nutrition security of vulnerable populations improved and sustained					
Strategic Objective 1: Lives and livelihoods protected and enhanced					
Intermediate Result 1.1: Life-saving food and nutrition needs met					
51a	Number of households benefiting directly from USG assistance under Food for Peace	R	All projects	Output	
57	Number of children under five (0-59 months) reached with nutrition-specific interventions through USG-supported programs	RiA	Projects with a MCHN component working with children under five	Output	
Intermediate Result 1.2: Nutrition and WASH practices improved					
54	Number of children under 2 (0-23 months old) participating in growth monitoring and promotion	RiA	Applicable for projects promoting growth promotion	Output	
75	Percentage of female direct beneficiaries of USG nutrition-sensitive agriculture activities consuming a diet of minimum diversity	RiA	Applicable for any projects with a nutrition-sensitive agriculture component	Outcome	
79	Number of children under two (0-23 months) reached with community-level nutrition interventions through USG-supported programs	RiA	Projects implementing community level nutrition interventions for children under two	Output	
80	Number of pregnant women reached with nutrition-specific interventions through USG-supported programs	RiA	Applicable for any projects with a MCHN component working with pregnant women	Output	
Intermediate Result 1.3: Natural Resource and Environmental Risk Management Capacities increased					
14a	Number of farmers who used at least [a project-defined minimum number of] sustainable crop, livestock and NRM practices and/or technologies	RiA	Applicable for all projects promoting sustainable agriculture practices and/or technologies Note: Indicator also fall under IR 1.4	Outcome	

No.	Indicator Title	R: Required RiA: Required if applicable	Applicability	Indicator Type	Check All Applicable
15	Number of hectares of land under improved technologies or management practices with USG assistance	RiA	Applicable for all projects promoting improved technologies or management practices	Outcome	
31	Number of people trained in disaster preparedness as a result of USG assistance	RiA	Applicable for all projects promoting EWR systems	Output	
77	Number of people using climate information or implementing risk-reducing actions to improve resilience to climate change as supported by USG assistance	RiA	Applicable for projects implementing risk reduction activities and/or promoting resilience to climate change	Outcome	
Intermediate Result 1.4: On and off-farm livelihood opportunities and incomes expanded					
8	Farmer's gross margin per hectare, per animal or per cage obtained with USG assistance	RiA	Applicable for all projects promoting value chain activities for selected commodities to increase farmer productivity	Outcome	
9a	Number of farmers and others who have applied improved technologies or management practices with USG assistance	RiA	Applicable for all projects promoting improved technologies or management practices	Outcome	
10	Number of for profit private enterprises, producer's organizations, water users associations, women's groups, trade and business associations and community-based organizations (CBOs) that applied improved organizational-level technologies or management practices with USG assistance	RiA	Applicable for projects promoting improved technologies or management practices collectively as an organization, enterprise, group or association	Outcome	
11a	Number of individuals who have received USG supported short-term agricultural sector productivity or food security training	RiA	Applicable for all projects promoting short-term agricultural sector productivity or food security training	Output	
12	Number of for-profit private enterprises, producers organizations, water users associations, women's groups, trade and business associations, and community-based organizations (CBOs) receiving USG food security related organizational development assistance	RiA	Applicable for projects assisting organizations, enterprises, groups and associations to achieve objectives collectively	Output	

No.	Indicator Title	R: Required RiA: Required if applicable	Applicability	Indicator Type	Check All Applicable
16	Value of small-holder incremental sales generated with USG assistance	RiA	Applicable for projects promoting value chain activities for selected commodities to increase farmer productivity	Outcome	
27	Number of farmers who practiced the value chain activities promoted by the project	RiA	Applicable for projects implementing value chain activities for selected commodities	Outcome	
81	Yield of targeted agricultural commodities among program participants with USG assistance	RiA	Applicable for projects implementing activities to increase agricultural productivity	Outcome	
Strategic Objective 2: Communities and institutions transformed					
Intermediate Results 2.1: Social protection systems strengthened					
32	Number of people benefiting from USG-supported social assistance programming	RiA	Applicable for all projects providing cash, food, or other in-kind assistance	Output	
33	Number of USG social assistance beneficiaries participating in productive safety nets	RiA	Applicable for all projects promoting conditional safety nets	Output	
Intermediate Result 2.2: Nutrition and health systems strengthened					
47	Number of people gaining access to basic drinking water services as a result of USG assistance	RiA	Applicable for all projects promoting infrastructure-related WASH interventions	Output	
48	Number of people gaining access to a basic sanitation service as a result of USG assistance	RiA	Applicable for all projects promoting infrastructure-related WASH interventions	Output	
50	Number of communities verified as “open defecation free” (ODF) as a result of USG assistance	RiA	Applicable for projects promoting open defecation free communities	Outcome	
53	Number of live births receiving at least four antenatal care (ANC) visits during pregnancy	RiA	Applicable for projects implementing health, nutrition and/or family planning activities targeting women of reproductive health and/or children 6 months and under.	Outcome	
76	Number of institutional settings gaining access to basic drinking water services due to USG assistance	RiA	Applicable for all projects promoting infrastructure-related WASH interventions	Output	

No.	Indicator Title	R: Required RiA: Required if applicable	Applicability	Indicator Type	Check All Applicable
78	Number of individuals receiving nutrition-related professional training through USG-supported programs	RiA	Applicable for projects with a MCHN component	Output	
Intermediate Result 2.4: Agricultural, market and financial systems strengthened					
19	Kilometers of roads improved or constructed as a result of USG assistance	RiA	Applicable for all projects constructing or improving roads	Output	
20	Number of market infrastructures rehabilitated and/or constructed	RiA	Applicable for projects rehabilitating and/or constructing market infrastructures	Output	
23	Value of Agricultural and Rural Loans as a result of USG assistance	RiA	Applicable for all projects promoting increased access to credit through financial institutions	Output	
24	Number of micro, small and medium enterprises (MSMEs), including farmers, receiving agricultural-related credit as a result of USG assistance	RiA	Applicable for projects facilitating MSMEs' access to loans from formal or informal financial institutions	Output	
26	Number of micro, small and medium enterprises (MSMEs), including farmers, accessing savings programs with FFP assistance	RiA	Applicable for projects facilitating MSMEs' access to savings	Output	
Cross Cutting Intermediate Result 1: Gender equity and youth opportunities increased					
60	Percentage of participants in USG-assisted programs designed to increase access to productive economic resources (assets, credit, income or employment) who are female	R	All projects	Output
